The Loop newsletter is written periodically to help keep people “In-the-Loop” about the First Choice of Saginaw Program!

First Choice was developed beginning in 2005 to help improve the quality of life for adults living in foster care homes by attempting to raise some additional discretionary funds for them to use during the holiday season. SCCMHA serves persons with serious disabilities which result in a significant life functioning impact. Persons served often have extremely limited resources, and are receiving minimal disability coverage which barely covers their basic housing, necessary care and supervision costs. These individuals often have less than \$50/month to pay for their other necessities or needs, including medical co-pays and any personal care items or expenses, including clothing. The goal of First Choice is to raise enough funds to support the current consumers of SCCMHA, who reside in licensed residential home settings, with an annual stipend or gift card.
